HOW MUCH SUMMER CAN YOU HANDLE?

You'll be swept away by the new SS17 collection by SUPERREBEL KIDSGEAR. Don't carefully dip one toe in the water first.

This is not the type of brand. Be brave and take a deep dive into their world. Once you're submerged you'll find a world beneath the sea which takes your breath away. The SS17 collection shows edgy clothing with a relaxed attitude. The prints by SUPERREBEL are always bold and true originals. The smiling little rebel is at his best when he can kick back and relax. Gaming, music, consoles are shown in overall prints. And you'll even find some sea creatures passing by. Laidback leasure is key this collection. But always made special by some intricate detail, material or funny element. This collection proves it can be all fun and games. At least when you're an untroubled rebel.

THE BRAVE BRAND FOR KIDS.

Nowadays SUPERREBEL kids are totally involved in the game scene. Like Playstation, X-Box and online gaming. In other words gaming is the most important thing in their lives. Which is easy for the parents but most of the time annoying ;-). This is exactly why they are SUPERREBELS.
